

**Counseling Center
University of Illinois at Urbana-Champaign
Clinical Counselor/Psychologist**

The University of Illinois Counseling Center is hiring psychologists. Successful candidates will have solid experience and expertise in serving college student populations. There are openings for Psychologists who are generalists with a strong demonstrated interest and experience in one or more of the following desired clinical and outreach areas: Asian and Asian International student populations, Middle East and North Africa (MENA) student populations, Religion/Spirituality, Latinx/e student populations, triage/crisis intervention, Native and Indigenous populations, or gender non-conforming/non-binary student groups. Licensed and mid-career clinicians, individuals with diverse backgrounds, and candidates with experience and ideas that embrace, and value diversity, inclusion, and belonging are strongly encouraged to apply.

The Center is an accredited training site through the American Psychological Association with over 50 full-time [staff](#), which includes clinicians, doctoral interns, social work interns, academic professional staff, and administrative staff. The staff is also made up of graduate assistants, undergraduate paraprofessionals, and practicum counselors.

The University of Illinois is a land grant institution located in the twin cities of Champaign and Urbana in central Illinois. The [University of Illinois campus](#) is situated between the three major metropolitan areas of Chicago, Indianapolis, and St. Louis and is considered one of the top comprehensive research public universities in the nation. Our staff works on campus with an academically talented and ethnically diverse student population, including international students totaling 22.2 percent of the total student population, 18.8 percent for Asian American students, 11 percent for Latinx/e students, 5.0 percent for African American students, and 3.2 percent for multiracial students, with a total enrollment of over 56,000 students.

University of Illinois Counseling Center employees enjoy a high quality of life with excellent compensation; competitive health, dental, retirement, and vision benefits; and education assistance programs.

The University of Illinois is an Equal Opportunity, Affirmative Action employer that recruits and hires qualified candidates without regard to race, color, religion, sex, sexual orientation, gender identity, age, national origin, disability, or veteran status. Primary Job Functions

The primary functions of psychologist positions are to serve as a generalist for clinical service provision, provide outreach and clinical services, and provide training and supervision to doctoral interns, unlicensed staff, and other trainees. Additionally, the successful candidate for any position will be a well-rounded professional, who works comfortably both individually and as a team member in providing effective outreach and prevention programs. Our Center's mission places a high value on serving a diverse population of students in a culturally competent manner as we provide a variety of services to assist students with psychological, educational, social, and developmental concerns.

Job duties and responsibilities for this position as a clinical counselor/ Psychologist may include, but are not limited to:

- Providing time-limited mental health counseling services for individuals and couples.
- Providing group counseling services through a general therapy group or a group that addresses a specific clinical issue or the needs of a particular population of students.
- Providing outreach and clinical services that address the needs of the student population including traditionally underserved populations.
- Training/supervising doctoral interns, practicum counselors and undergraduate paraprofessional service providers; supervision of APA accredited health psychology interns; clinical supervision of unlicensed staff.
- Managing clinical crises and triage services.
- Providing training and leadership in psychological assessment; participating in other outreach, training, and consultation team activities.
- Participating in psychological emergency and trauma response.
- Participating in various Student Affairs activities and committees.
- Contribution to research and assessment area.

Education

- Clinicians must have a doctoral degree in clinical psychology, clinical/community psychology, counseling psychology, or related field.
- Degree completed by start date is required.

Licensure

- Licensed in Illinois or license eligible background as a psychologist required
- No other licensure will be considered.

Experience

- Demonstrated experience functioning at a high level as a generalist in a diverse setting is required for all positions.
- In-depth supervised training in psychological assessment, training & supervision is required.
- Demonstrated interest, expertise, and experience in clinical or outreach work in an area of special emphasis and/or training/supervision is preferred.
- Previous experience in a college counseling center preferred.

Knowledge Requirements

- Fluency in a second language, especially Mandarin or Spanish, is a preferred qualification for at least one position. Other language fluency outside of English is considered.
